

JOHN HARDY

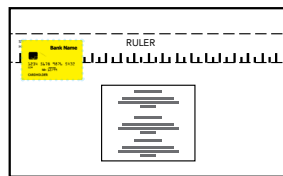

Step 1: Print

Print on 11x8.5 landscape, US Letter size paper, with a scale of 100%, and be sure to deselect "Fit To Page."

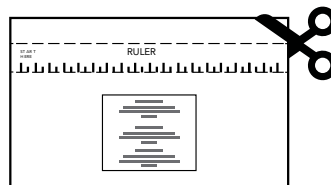

Reference the icon above, if your printout does not go edge to edge of the paper.

Step 2: Check

Please place your credit card on the ruler, ensuring its width touches the blue dotted line. Please consider reprinting the document at 100% scale and unchecking the "Fit to Page" option if it doesn't.

Step 3: Cut

Tear or cut along the dotted lines for the most precise wrist measurement.

Step 4: Measure

Put the "MEASURE HERE" marker on your wrist below the wrist bone and wrap it around your wrist to snugly fit the measuring tape. Once you have aligned the measuring tape around your wrist, read the number that most closely aligns with the "MEASURE HERE" marker.

Step 5: Match

SIZE CHART
